

Tree No	Species	Height	Maturity	Condition	Notes and Recommendations	Identified Hazard	Risk of Hazard Failure	Identified Target	Potential Consequences	Work Required	Risk Factor
10	Ash	20	Late Mature	Good	Magnificent specimen growing next to footpath with high biodiversity value. Cavities noted and presence of ivy supports nesting birds and enhances wider public amenity. Some over extended branches could be reduced where they are perceived to conflict with the adjacent private residence.	Branch failure/ Deadwood	Low	Building/ Footpath	Moderate	Reduce over extended branches/ Deadwood	8
11	Ash	20	Late Mature	Good	Magnificent specimen growing next to footpath with high biodiversity value. Cavities noted and presence of ivy supports nesting birds and enhances wider public amenity. Some over extended branches could be reduced where they are perceived to conflict with the adjacent private residence.	Branch failure/ Deadwood	Low	Building/ Footpath	Moderate	Reduce over extended branches/ Deadwood	8

Tree No	Species	Height	Maturity	Condition	Notes and Recommendations	Identified Hazard	Risk of Hazard Failure	Identified Target	Potential Consequences	Work Required	Risk Factor
12	Ash	20	Late Mature	Fair	A very large and prominent specimen located next to footpath with one particularly heavy branch extending towards river and private garden. Whilst this branch has been reduced previously concern remains for the weight of this branch and its potential for failure. At the same time any branch failure most likely to land in the low use amenity scrub land to side of footpath.	Branch failure/ Deadwood	Moderate	Private garden/ Public highway/ Footpath	Moderate	Reduce over extended branches/ Deadwood	16
13	Pedunculate Oak	12	Young Mature	Good	Attractive amenity tree with long Safe Useful Life Expectancy planted next to car park.	-	-	-	-	-	0
14	Silver Birch	6	Young Mature	Moderate	Entire top of canopy removed previously to reduce out-shading to private garden.	-	-	-	-	-	0
15	Beech	8	Young Mature	Fair	Entire top of canopy removed previously to reduce out-shading to private garden.	-	-	-	-	-	0
16	Japanese Cherry	6	Young Mature	Fair	Upper canopy reduced previously to reduce conflict with garage.	-	-	-	-	-	0
