

MONTGOMERY WATERS

Dear neighbour

We are now into our third decade of manufacturing high quality water brands from our home here in Churchstoke and we greatly appreciate all of the support we have received along the way.

We like to think that the local community has also benefited from our presence here in Churchstoke from the jobs created to the improvements in power and transport infrastructure.

We have now applied to our regulatory authority to secure a permanent water abstraction licence, allowing us to continue to provide great quality products in the future.

As part of that process, we would love to hear from you about how our operations affect you, our neighbours. We particularly welcome comments from those who also use water which is not from the mains, whether you have a farm, a private water supply or even a pond in your garden!

If you would like to talk to us then get in touch by 30th September 2020.

You can email us at viewpoint@montgomerywaters.co.uk
